To **Alexandra Dahlström** who turns 15-years-old today.

"Yeah? Yes, no, I cannot, what do you want me to say?"

Well, like, how does it feel?

"It's nice to get old."

Old?

"Older. I know I'm not old."

How will you celebrate your 15th birthday?

"A dinner with the girls. But there will surely be guys there too."

One advantage to turn 15 is that you can now go to R-Rated movies.

"I've already done that. But I can rent videos using my own identity and that's good."

You previously had older buddies renting movies for you?

"Yeah (laughs)"

But you must not drink alcohol yet?

"No, I can't."

Finally, what do you want most of all right now?

"That someone will come by with tickets for Blur. Nah, I wish for all people to be happy and feel good."
