

Alexandra Dahlström at Tonight's Premiere

Alexandra Dahlström as Klara in *Spingelgången*

Today, Alexandra Dahlström premieres her short film, ***Because the Night***, which she directed.

Hi Alexandra!

- Hi!

Is the situation under control, or is it a stressful evening?

- It feels good, everything is under control.

What are your expectations for the evening?

- That all of my friends will come down and getting cheers after showing my film.

Still from *Because the Night*

Do you want to say something special about your movie or do you think it's easy to follow the story?

- I want to show a heightened reality and a community that I believe not many know about.

Could you describe your short film, such as the output from the music in the film?

- I don't really understand what you mean (general confusion arises), the film was written before the music, but I can describe the music as evocative, sad but euphoric at the same time. It was written by Andreas Kleerup.
- The film can be described with the words: euphoric, grief and community.

Finally, the after-party, is it possible that Black Swan could show up?

- I've heard rumors that he could run past...

Have a nice and enjoyable evening, Alexandra!
